ADDRESS

Markham, ON, Canada

ABOUT ME

I am a Grade 11 student from Toronto, Canada. I am passionate about virtual and augmented reality, IoT (Internet of things), entrepreneurship, and programming, and have created many projects that focus on solving real-world issues at hackathons, and as personal side projects.

EXPERIENCE

Present
Jul 2019

Memofood Co-Founder, CIO

Memofood is a company started in July 2019 in SHAD, an award-winning enrichment and entrepreneurship program, finishing with the Best Overall Project Award. Its goal is to reduce food waste by reminding users of their food's expiry dates, decreasing one of the leading causes of food waste in North America.
